Contextual Paragraph for Resource Set: Ingenuity—the clever and creative use of knowledge and skills—is a quality that can be found in abundance in Utah’s Indian nations. From the ingenuity of native leaders, seeking to help their tribe through modern changes, to the unique botanical and seasonal knowledge needed to survive the harsh environment of the Great Basin, the people of the Ute, Paiute, Northwestern Shoshone, Navajo and Goshute nations have constantly demonstrated their ingenuity.
