			Content Objectives	Thinking Objectives			
7 th Grade	Social Studies 7	Social Studies 7, Standard 4, Objective 1, Indicator c	<p>Students will understand the diverse ways people make a living in Utah</p> <p>Students will explore the components of Utah's economy</p>	Students will research important segments of the local economy	This is a very difficult resource set. It is difficult because my "local" economy in West Jordan/South Jordan is different from "local" economy of Ms. Smith in Washington County.	Students will look up individual data that is specific for their district or county or city. Try to make sense of Jobs, populations, and economic possibilities.
